

We are word collectors:

textiles	Textiles are different types of cloth or fabrics.
pattern	A repeated decorative design.
fabric	Fabrics are materials we use a lot for things such as clothes, furniture and blankets
loom	Apparatus for making fabric by weaving yarn or thread.
weave	Weaving is a way of joining materials.

This term the children will be learning about different textiles and how textiles can be used to weave.

Simple steps to the basics of weaving

Gunta Stolz was born in 1897 in Germany.

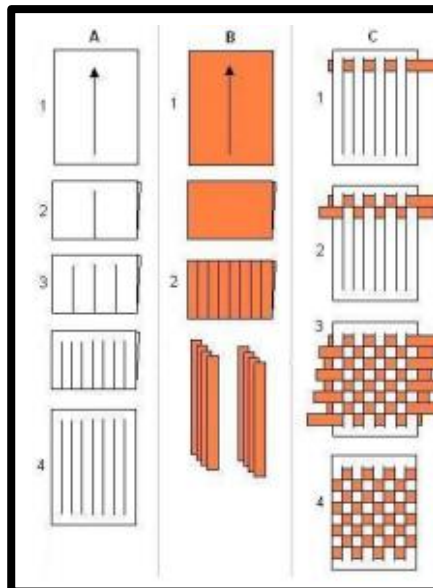

She volunteered as a nurse in the First World War.

Attended Bauhaus school and became interested in weaving.

She began teaching others about weaving.

Died in 1983 in Switzerland.

“over,
under,
over,
under”
