

Jigsaw knowledge and skills progression: Relationships - Ages 8-9

Jigsaw, the mindful approach to PSHE is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the spiral knowledge and skills progression within the Relationships Puzzle (unit of work) including the key vocabulary used in each year group and suggestions for Family Learning.

RL	Knowledge	Social and Emotional Skills	Questions for Family Learning
Ages 8-9	<ul style="list-style-type: none"> Know some reasons why people feel jealousy Know that jealousy can be damaging to relationships Know that loss is a normal part of relationships Know that negative feelings are a normal part of loss Know that memories can support us when we lose a special person or animal Know that change is a natural part of relationships/ friendship Know that sometimes it is better for a friendship/ relationship to end if it is causing negative feelings or is unsafe 	<ul style="list-style-type: none"> Can identify feelings and emotions that accompany jealousy Can suggest positive strategies for managing jealousy Can identify people who are special to them and express why Can identify the feelings and emotions that accompany loss Can suggest strategies for managing loss Can tell you about someone they no longer see Can suggest ways to manage relationship changes including how to negotiate 	<ul style="list-style-type: none"> Can you tell me about a time when you felt jealous? Did it affect how you behaved? Can we tell each other about the people we love? Do you miss seeing anyone? Who could we make a memory box for? Have you ever fallen out with any of your friends? What happened? How did you resolve it? Do you have any friends that you fall out with a lot? How does Jigsaw Jaz help you learn about friendships? Does Calm Me time help you stay calm?
	<p>Learning in this year group starts focussing on the emotional aspects of relationships and friendships. With this in mind, children explore jealousy and loss/ bereavement. They identify the emotions associated with these relationship changes, the possible reasons for the change and strategies for coping with the change. The children learn that change is a natural in relationships and they will experience (or may have already experienced) some of these changes. Children revisit skills of negotiation particularly to help manage a change in a relationship. They also learn that sometimes it is better if relationships end, especially if they are causing negative feelings or they are unsafe. Children are taught that relationship endings can be amicable.</p>		
	<p>Key Vocabulary</p> <p>Relationship, Close, Jealousy, Problem-solve, Emotions, Positive, Negative, Loss, Shock, Disbelief, Numb, Denial, Anger, Guilt, Sadness, Pain, Despair, Hope, Souvenir, Memento, Memorial, Acceptance, Relief, Remember, Negotiate, Compromise, Trust, Loyal, Empathy, Betrayal, Amicable, Appreciation, Love.</p>		

Jigsaw knowledge and skills progression: Changing Me - Ages 8-9

Jigsaw, the mindful approach to PSHE is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the **spiral** knowledge and skills progression within the Changing Me Puzzle (unit of work) including the key vocabulary used in each year group and suggestions for Family Learning.

CM	Knowledge	Social and Emotional Skills	Questions for Family Learning
Ages 8-9	<ul style="list-style-type: none"> Know that personal characteristics are inherited from birth parents and this is brought about by an ovum joining with a sperm Know that babies are made by a sperm joining with an ovum Know the names of the different internal and external body parts that are needed to make a baby Know how the female and male body change at puberty Know that personal hygiene is important during puberty and as an adult Know that change is a normal part of life and that some cannot be controlled and have to be accepted Know that change can bring about a range of different emotions 	<ul style="list-style-type: none"> Can appreciate their own uniqueness and that of others Can express how they feel about having children when they are grown up Can express any concerns they have about puberty Can say who they can talk to about puberty if they are worried Can apply the circle of change model to themselves to have strategies for managing change Have strategies for managing the emotions relating to change 	<ul style="list-style-type: none"> Which of your characteristics did you get from your birth parents? Do you have any questions about the changes that happen to a girl when they grow up? Do you have any questions about how babies are made? How do you feel about the changes that will happen to you as you grow?
<p>In this Puzzle bodily changes at puberty are revisited with some additional vocabulary, particularly around menstruation. Sanitary health is taught, including introducing pupils to different sanitary and personal hygiene products. Conception and sexual intercourse are introduced in simple terms so the children understand that a baby is formed by the joining of an ovum and sperm. They also learn that the ovum and sperm carry genetic information that carry personal characteristics. The unit (Puzzle) ends by looking at the feelings associated with change and how to manage these. Children are introduced to Jigsaw's Circle of change model as a strategy for managing future changes.</p>			
<p>Key Vocabulary</p> <p>Personal, Unique, Characteristics, Parents, Sperm, Egg / ovum, Penis, Testicles, Vagina / vulva, Womb / uterus, Ovaries, Making love, Having sex, Sexual intercourse, Fertilise, Conception, Puberty, Menstruation, Periods, Circle, Seasons, Change, Control, Emotions, Acceptance, Looking forward, Excited, Nervous, Anxious, Happy.</p>
