

Year 1 Knowledge Organiser – Art – Georgia O Keeffe

I can use common words and phrases relating to art and design		
colour wheel		A colour wheel shows the relationships between primary and secondary colours
primary colours		Three colours (hues) that can be mixed together to create almost any other colours
secondary colours		Colours that are made by the equal mixing of two primary colours
tone		A pure colour (hue) with grey (white and black) added
Other vocabulary I might use when talking about...		

Water colour		Powder paints that are mixed with water
warm colour		Warm colours are reds, oranges, yellows and browns
cool colour		Cool colours are greens, violet, blue and grey

Did you know?

- Georgia O'Keeffe was born on 15th November 1887 in Wisconsin in the United States of America.
- She loved art from an early age and her mother encouraged her passion.
